

Statement from Congressman Don Cazayoux on the Budget plan for 2009 and Beyond:

"Today, I cast a vote against the budget plan for fiscal year 2009. Although there were worthwhile programs in the budget, I voted against it because it allows tax cuts to expire in 2010, raising taxes on most American taxpayers. During a time in which Americans are struggling with increased costs of living, we should not raise taxes.

Statement from Congressman Don Cazayoux on the Budget plan for 2009 and Beyond:

"Today, I cast a vote against the budget plan for fiscal year 2009. Although there were worthwhile programs in the budget, I voted against it because it allows tax cuts to expire in 2010, raising taxes on most American taxpayers. During a time in which Americans are struggling with increased costs of living, we should not raise taxes.

"I ran for Congress as a fiscal conservative and I will uphold those values in Congress. I promised the people of the Sixth District of Louisiana to vote with my party when they are right, and vote against them when they are wrong. My vote today was the right vote for my constituents."
